

A stacked bar chart titled 'STRs/dwelling' showing the distribution of STRs per dwelling across four categories. The y-axis represents the percentage of dwellings, ranging from 0.0% to 4.0% in 1.0% increments. The four categories are represented by different colors: blue (bottom), yellow, orange, and pink (top). The total height of the stacked bar is approximately 3.8%.

Category	Percentage of Dwellings
0.0%	~1.4%
1.0%	~1.0%
2.0%	~0.8%
3.0%	~0.6%
